

Twice the knife service life!

- We tested genuine Strautmann forage wagon knives against replica forage wagon knives.
- Test set up: In a Giga-Vitesse CFS 4001 DO, 8 cutting knives were replaced by replica parts.
- After 360 transported loads we evaluated the results:

BSL **strautmann** GENUINE Parts

- All knives undamaged!
- Hardly any traces of abrasion
- 50% less wear

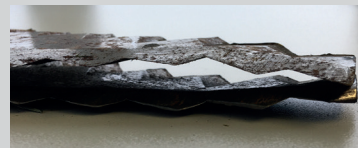

- ✓ Cost-effective
- ✓ Consistent cutting quality
- ✓ Reliable & durable

Replica Parts

- 6 knives prematurely defective
- 2 knives bent

- 4 knives broken
- Intensive wear

- * Frequent change of knives
- * Worse cutting quality
- * Dangerous metal in the load

Twice the service life with Strautmann GENUINE PARTS!
